

Wherever we may live...
wherever our lives may take us...
we are sisters, friends, mothers and daughters.
It is up to us to...

CHANGE THE WORLD,
one woman at a time.
You have the power to help make it happen.

Founded in 1993, Women for Women International helps women in war-torn regions transform their lives by providing financial and emotional support, rights awareness training, education and job skills training.

Through generous donations and sponsorships from women like you, in the last 15 years we have:

- Served over 153,000 women
- Expanded programs to reach more women
- Distributed more than \$42 million in direct aid and micocredit loans

We help women take control of their destiny.

In war armies use rape and torture to undermine families and make women feel worthless and powerless. Our programs provide leadership training and rights awareness education to help women understand they do have rights. This helps give women the courage and information they need to take action, like voting for the first time.

“THE PROGRAM HAS DARED ME TO HOPE... OF LIVING IN PEACE, OF RECLAIMING MY DYNAMISM, MY DIGNITY...”

-HONORATA

We help women rebuild their families, communities and nations.

Through our sponsorship programs women receive direct financial help from a sponsor that helps them purchase the necessities of life as well as get job skills training so they can become successful, active parts of their community.

Sponsors also provide emotional support through letters of encouragement that transcend the miles between them. Women in our programs tell us these letters are their inspiration and hope for a better life.

We Help Women Because Stronger Women, Build Stronger Nations

Through our programs women receive job-skills training that makes it possible for them to start and manage their own micro-enterprises. These ventures often employ others in their community.

These job skills allow the women to actively participate in the reconstruction of their communities. Through your donations and support women in war-torn regions around the world help to establish lasting peace in their nations.
